## *Instructions for Innovation Monday Fill-In Forms*

In order that we may assist you more efficiently, the preferred method of receiving Innovation Monday PDF applications is as attachments to e-mail messages.

### **Electronic Fill-in Forms using Adobe Acrobat**

Innovation Monday PDF forms use features provided with Adobe Acrobat products. To view, complete, save, and print these forms, you will need the freely available Adobe Reader software installed on your computer. Innovation Monday PDF forms have been enabled with “document rights” which allow you to save what you have filled in on your computer. Version 6.05 or later of Adobe Reader is required for this feature to function.

### **Opening the Form**

Your web browser may be configured with an Adobe Reader plug-in to automatically open PDF files within your browser’s window upon download. You may also download the file directly to disk by selecting “save target/link as...” from the menu. Then use Adobe Reader to open the file.

Fill-in forms with the ability to save locally will generate a dialog box when opened with Adobe Reader. If you are using Adobe Reader 6.05 or later, the dialog box will indicate that document rights have been applied to the PDF file and you can save the completed fill-in form. If you are using a version prior to 6.05, the dialog box will indicate that some features of the document will not operate and you will be prompted to obtain a newer version of Adobe Reader. This free download can be found on the Adobe website ([www.adobe.com](http://www.adobe.com))

### **Completing the Form**

Enter the appropriate data in each box or field. To move from one field to the next, press the tab key. You can also use your cursor to move from field to field. Place your cursor in the field you want to fill in, and then left-click.

Some fields limit the maximum number of characters you can enter and may automatically advance to the next field. Please limit your responses to the space provided. For additional help with fill in forms, see the Adobe Reader’s online help information.

Alternately, you can print the form, fill it out manually and return by US mail.
