“

Massachusetts' largest & most important export event bringing together resources, training & information for the local community!

”

Thursday and Friday, January 30-31, 2025

The Massachusetts Export Center's Export Expo is the state's largest and most important export event of the year, bringing together export resources, training, and information for the local exporting community! This year's Export Expo will be offered in a convenient and safe virtual format, which will provide export service providers with opportunities to connect with exporting firms and meet with key export decision-makers! Sponsors and exhibitors will include law firms, banks, freight forwarders, consultants, translation firms, customs and compliance automated solutions providers, and various government and non-profit organizations serving the export community.

Attendees will be exporting firms from throughout the Commonwealth and beyond, including manufacturers and technology firms. Last year's Export Expo attracted nearly 700 attendees. Sponsors benefit from significant and repeated promotional exposure to over 10,000 exporter contacts on our distribution list. Coinciding with the virtual exhibition, the Export Center will convene workshops, panel discussions, and special addresses throughout the Expo on a wide variety of export-related topics. This event regularly sells out and exhibit space is limited, so early registration is strongly encouraged. The sooner you register, the sooner the Export Center can begin to promote your participation to exporters!
