Exhibitor and Sponsorship Packages

The Massachusetts Export Center's Export Expo is the state's largest and most important export event of the year, bringing together export resources, training and information for the local exporting community! The Export Expo provides a forum for export service providers to display their information and connect with exporters from throughout the Commonwealth. This gives you the unique opportunity to meet face-to-face with key export decision makers! Sponsors and exhibitors will include law firms, banks, freight forwarders, consultants, translation firms, customs and compliance automated solutions providers, and various government and non-profit organizations serving the export community. Attendees will be exporting firms from throughout the Commonwealth, including manufacturers and technology firms. Last year's Export Expo attracted over 300 attendees. Sponsors benefit from significant and repeated promotional exposure to over 9,000 exporter contacts on our distribution list. Coinciding with the exhibition, the Export Center will convene workshops and panel discussions throughout the day on a wide variety of export-related topics. This event regularly sells out and exhibit space is limited, so early registration is strongly encouraged. The sooner you register, the sooner the Export Center can begin to promote your participation to exporters!
